April 2017

Volume 26, Issue 1

MESSAGE FROM THE MAYOR

Dear Neighbors,

As you have no doubt noticed by this time, work is well underway on the Chesapeake Avenue streetscape! Improvements from 1st Street to 7th Street will include curbed, planted islands; new light poles; road raising and resurfacing; new sidewalks and crosswalks; and, an improved entrance to Callis Park. The purpose is both to make positive changes to the appearance of our main thoroughfare and to slow down the traffic which constantly speeds through town. Your patience is certainly appreciated while work proceeds in a planned attempt to finish before our Farmers' Market opens in May.

Also under construction at this time, after many months of delay due to the lengthy State and Federal permitting process, is the flood protection dike located just north of 9th Street between Bay and Atlantic Avenues. Environmental Concerns, the contractor for the dike construction, has worked conscientiously and patiently over the past two years on getting this project permitted by the Maryland Department of the Environment and the U.S. Army Corps of Engineers. This is the same contractor who designed and created the very successful living shoreline adjacent to the dike location on the Walton Beach Nature Preserve.

The "event" season for North Beach will begin with the opening of the Friday Night Farmers' Market on May 5th. This event, in its 9th year, will be held every Friday night until October 6th. Once again, there will be vendors on 5th Street; the Art Fair on Bay Avenue; the Classic Car Cruise-In on Bay Avenue; and music, dancing and a fun time on the boardwalk and beach (no admission fees). Be sure to take advantage this summer of Southern Maryland's #1-rated Farmers' Market!

Other events planned for the warm weather season are the End Hunger Dragon Boat Festival, DrinkMaryland (hosted by the Maryland Wineries Association), and new this year, our first North Beach American Film Festival. More information on these events can be found elsewhere in this newsletter.

Finally, the town has now received the final report from the firm contracted to do a feasibility study for a North Beach Performing Arts Center. Their bottom line recommendation is that, in order to be feasible as an ongoing concern, the center needs to be supplemented by the creation of a nearby hotel/conference center and waterfront restaurants. The town is in discussions with representatives from the private development community to see if this "partnership" can be realized.

I hope that you are rested and ready for an exciting spring and summer in the Jewel of the Chesapeake Bay—North Beach!

Warmest Regards,

Mark R. Frazer, Mayor

The Jewel of the Chesapeake Bay

WELCOME RESIDENTS

We're waiting for you at the beach! Most residents don't know that if you live within the "incorporated" town limits of the Town of North Beach (not the zip

code zone) that you have free access to the beach and the fishing pier. You and your guests are entitled to a free visit to enjoy the beach areas and to go fishing. In order to take advantage of this amenity, you will need to bring your current identification to the Town Hall to obtain a seasonal pass. Your guests, who will be

free, must be with you at the time of check in at the Welcome Center. Why not take advantage of this special "town perk"? The Town Attendants are waiting to serve you.

AMERICA IN BLOOM

The Town of North Beach is excited to be participating in the America in Bloom program for the first time. America in Bloom is a national awards program based on building pride in your community and promoting beautification through education and community involvement. The program encourages the use of flowers, plants, trees, and other environmental and lifestyle enhancements. Participants experience better cooperation amongst municipal, commercial and residential sectors because everyone works toward a common goal. The Town of North Beach hopes this program will inspire businesses and residents to promote town pride and community involvement.

We are currently in the beginning stages of the program and have held initial meetings. Greenstreet Gardens is partnering with the town and will be assisting with the flowers in the planter boxes on Bay Avenue at our annual Plant the Town Day on Saturday, April 29, 2017. We are excited to be a part of this national program and hope to continue to participate for many years.

PLANT THE TOWN

It's not too late! Volunteers will be needed for the 10th annual Plant the Town in conjunction with Earth Day. We will begin planting the flower beds along Bay Avenue at 8:30 a.m. on Saturday, April 29, 2017. Join Comcast volunteers, the North Beach House and Garden Club, the Red Hatters, the Bayside Boys and Girls Club, and many other volunteers to beautify our town. Comcast is proud, once again, to be part of this event and has designated the Boys and Girls Club as its "Charity of Choice". Register at the Welcome Center on the day of the event.

DEPARTMENT OF PUBLIC WORKS (DPW) UPDATE

Donnie Bowen, Superintendent, Department of Public Works

BEACH DREDGE: The beach dredge project includes dredging in the waterway adjacent to the town beach. The material dredged from the offshore area will be stockpiled and used for beach replenishment. The purpose of this project is to create a deeper swimming area and a larger beach area. The lengthy delay in securing the permit from the State and Federal Agency will mean this project will be rescheduled until January 2018.

RAISING RT. 261: MD State Highway Association (SHA) is moving forward with design and permitting for a project to raise MD Rt. 261 between 9th Street and the Anne Arundel County line. The purpose of the project is to get the road surface above tidal flooding and provide a high point in the roadway to connect the flood dike. SHA's environmental and highway design work is progressing. The town will be applying for grant funding for a proposed elevated walkway on the west side of Rt. 261 in this area. SHA has forwarded the following project schedule to the town: Preliminary investigation complete by July 2017; plans/specs estimated for completion August 2019; advertise for bids November 2019; open bids February 2020; award contract and notice to proceed April 2020.

FLOOD DIKE: The work on the flood dike includes construction of about 1,000 feet of an earthen berm to protect the area north of 9th Street between Bay Avenue and Atlantic Avenue from higher than normal tidal events. The work includes restoration/stabilization of approximately 50,000 square feet of vegetated wetland. Town staff recently met with wetland permit agencies to get an update on the progress with the flood dike modification. During the meeting, the revised plans and drawings were reviewed. The town received permits for continuing the work on the flood dike with modifications approved from the original design from MDE and the Army Corps of Engineers after a long review process. Work has recently resumed.

RAISING CHESAPEAKE AVENUE: This project includes the reconstruction of an approximately 300 foot section of Chesapeake Avenue between 3rd and 5th Streets. The purpose of this project is to reduce the number of flooding events which close Chesapeake Avenue. The work includes curb and sidewalk removal, installing new curbing and sidewalks, asphalt pavement construction and related grading and adjustments to utility structures.

Preliminary work on this project has been completed by DPW. This includes removing the fence from around the existing sewage pumping station, backfilling the area to bring it up to the new grade, raising the storm drain in the grass area to the new grade elevation, and removing and relocating the water hydrant. Work performed by the contractor has begun and is expected to be completed around the beginning of May.

CHESAPEAKE AVENUE STREETScape: The purpose of the Chesapeake Avenue Streetscape project is to improve the streetscape on the main street through town and also improve pedestrian safety. This project will give Chesapeake Avenue a more "Main Street" look. The total project includes construction of curbed islands for plantings, sidewalk reconstruction, fencing and new improvements to the Callis Park, milling and re-paving of Chesapeake

The town has multiple volunteer committees. If you are interested in serving on a committee, please contact Town Hall.

DPW UPDATE CON'T FROM PAGE 3

Avenue from 1st Street to 7th Street to include the addition of new light poles with banners and the ability for decorative features and crosswalk improvements in this area. Work has begun and will be done in phases. Roadwork, including tree wells, is expected to be completed the beginning of May. New lights and plantings will follow. Work will be going on simultaneously at Callis Park.

WATER TOWER: Contractors began repainting the town water tower. The work is expected to last about three weeks.

SEA WALL: The Atlantic Avenue sea wall repairs were completed and the new jersey barriers were placed and painted. Only the south end of Atlantic Avenue was affected.

SCOOP THE POOP

Help stop pointless poo-llution! When you fail to pick up after your pooch, you may be doing more than upsetting the many residents and visitors to our town. A quick rain shower is all it takes to transfer dog droppings from the ground and into the Chesapeake Bay.

There are 14 mutt-mitt stations around town for easy access. Thank you in advance for cleaning up after your pet!

CREPE MYRTLE TRIMMING

You may have noticed the Crepe Myrtles along the boardwalk have been trimmed back. We wanted to give you some history on this type of pruning – called pollarding. Town resident, Bill Poole, started pollarding the crepe myrtles along Bay Avenue in 2006. The reasons for pollarding the crepe myrtles are to keep the height in balance to the size of the flower beds, minimize the root growth to protect the sprinkler system and allow for the perfect size tree to decorate with holiday lights during the winter season.

Pollarding is a pruning regime which maintains a tree at a given height permanently. Optimally, this is done with young trees — three years after planting or so — once the desired plant structure and height has been attained. At that point, the tree is topped. In a pollarded tree, all the sprouts of the previous year are removed to their base each winter. This permits the tree to develop knobby structures called pollard heads, which form natural defenses against wound decay.

Pollarding is a common technique applied to street trees in Europe as a way to keep their top growth in check. One of the most conspicuous displays of pollarded Natchez crepe myrtles is at the National Gallery of Art's Sculpture Garden on the Mall. Here, more than 20 have been pollarded every winter to reduce the canopy. The pollard heads are now the size of softballs, or larger.

IN MY OPINION . . .

Hello and HAPPY SPRING! Although it was not a bad winter, I know we are all looking forward to a beautiful spring and summer season!

The bright and lively color of spring already adorns the Town of North Beach! Spring is the best time of year to open your windows and let the sunshine and light breezes filter throughout your home and give you that wonderful feeling of energy and wanting to go outside! It's also a great time to watch the daily changes in color to your surrounding environment; the little specks of green and the flowering plants blossoming more each day into full blown beauty! Rebirth!

There's a lot going on in town and we are extremely fortunate to be able to witness the transformation of Chesapeake Avenue. What a pleasure to see our tax dollars working to our advantage while at the same time, improving our town. Paving of Chesapeake Avenue will be a huge benefit in and of itself!

With a full schedule of events planned for the upcoming season, you would be remiss not to attend each and every one. The Friday Night Farmer's Market and Art Fair offers a plethora of vendors with their wares! Of course, the free summer concerts will be a main attraction, as will the free Movies on the Beach and Drive-In Movies. We have a carnival scheduled in May and don't forget the Classic Car Cruise-in! It's going to be a fun and event-filled season for us this year!

So, get off that couch, put on your walking shoes, go outside and explore your town! You'll be pleasantly surprised at who or what you may run into! Enjoy the seasons!

Marsha Stiner, Receptionist at Town Hall

It's also Graduation time for many schools in the area and there will probably be more than the usual pedestrian traffic in town, so please be watchful and remember they have the right of way.

One of my grandsons will be graduating from ARMY Basic Training in May. I'm very excited for him as he begins another phase of his life after high school! Ooh-rah!

As time goes so quickly by, I never cease to be amazed at the continuity of the seasons and the anticipation with which we await them; each and every one. I call it "hope". Hope is always and it's everywhere! Hoping each and every one has a healthy, prosperous and eventful spring and summer season, I wish all the best to you and maybe I'll see you around town!!!

North Beach *American* **FILM FESTIVAL**

The North Beach American Film Festival (NBAFF) showcases the best in American Independent Film, spotlighting films that exhibit the multi-cultural and diverse aspects of American life. The festival will have its inaugural opening June 23-25, 2017 in the beautiful town of North Beach, Maryland. The event will hold seven screening blocks, complete with two special presentation waterfront screenings at sunset, as well as educational seminars and an awards ceremony. Part of the proceeds from the event will go to the Town of North Beach, as well as the Twin Beach Players.

North Beach American Film Festival proudly accepts entries via FilmFreeway.com, the world's best online submission platform. FilmFreeway offers free HD online screeners, unlimited video storage, digital press kits, and more.

For more information, please visit <http://www.nbaff.org>.

SUSTAINABLE MARYLAND CERTIFICATION

The Environmental Committee has
 been working with the town
 development specialist, Veronica
 Owens, to become a Sustainable
 Certified Maryland municipality.

Sustainable Maryland is a free and
 voluntary certification program for
 municipalities in Maryland that want
 to go green, save money, and take
 steps to sustain their quality of life.

The mission of Sustainable Maryland is
 to enhance livability for all
 Marylanders by helping municipalities
 choose a direction for their
 sustainability efforts, improve access
 to resources needed to implement
 action, measure their progress and
 gain recognition for their
 accomplishments.

Members of the committee are Karyn
 Molines, Guy Stone, Allan Creamer,
 Jeff Noyes and Veronica Cristo with
 Jane Hagen as the Council Liaison.

Sustainable Maryland requires a
 "Green Team" so the Environmental
 Committee has added Marian Rabino
 and Deborah Noyes to make up the
 "Green Team." Each "team" member
 took on a section of the requirements
 which are:

Community Action
 Community-Based Food System
 Energy
 Greenhouse Gas
 Health & Wellness

Local Economies
 Natural Resources
 Planning and Land Use

There are 150 points required for
 minimum designation, including two
 Mandatory Actions (Create a Green
 Team and complete Green Team
 Action Plan) and two of six Priority
 Actions. All this must be documented
 with evidence that the requirements
 have been satisfied.

Some of the items we get credit for
 are:

Municipal Energy Efficiency
 Our Farmers Market
 Local Food Consumption &
 Preservation Classes
 Community Gardens
 The Living Shoreline
 The Solar Panels on the
 Department of Public Works
 Building
 The Planted Roof on the Town Hall
 Recycling
 Control of Pet Waste
 Workplace Wellness
 Buy Local
 Stormwater Management
 Water Conservation
 Green Purchasing

So, keep up the good work of
 recycling, picking up after your pets,
 planting gardens, keeping our town
 beautiful to become a Sustainable
 Community.

HELPING COMMUNITIES INVEST TODAY FOR A MORE LIVABLE TOMORROW

WHAT'S NEW AT THE BAYSIDE HISTORY MUSEUM

Grace Mary Brady

THE CIRCUS HAS COME TO TOWN! The Ringling Brothers were seven siblings who transformed their small touring company of performers into one of America's largest circuses in the late 19th and 20th centuries. From 1884 to 1918 the Ringling Brothers were the Kings of the circus.

The Bayside History Museum is proud to display an unusual collection of the original Ringling Bros. & Barnum and Bailey circus collection on loan from the Shire family. Phil Shire's great-grandfather and grandfather were both musicians for the circus traveling all over the country.

The Ringling brothers had purchased Barnum & Bailey Ltd. following Bailey's death in 1906, but ran the circuses separately until they were merged in 1919. Ringling Bros. and Barnum & Bailey Circus packs up its tent in May 2017. After you've enjoyed the circus, check out the new traveling exhibit dedicated to World War I and World War II and the ALA library services. Enjoy photos of men reading in the war library service station, Red Cross Building, Walter Reed Hospital between 1909 and 1920.

The Bayside History Museum is open Wednesday, Thursday, Friday, Saturday and Sunday from 1 to 4 p.m., May 1st through October 31st. We are also delighted to open at other times by request and availability. Like the Bayside History Museum on Facebook; check out www.baysidehistorymuseum.org or call us 410.610.5970.

FIX THAT LEAK!

Fixing a toilet leak is a great way to reduce household water use and boost water conservation. If your toilet has a leak, you could be wasting about 200 gallons of water every day. That would be like flushing your toilet more than 50 times for no reason! Try this experiment: Test for leaks by placing a drop of food coloring in the toilet tank. If the color shows up in the bowl without flushing, you have a leak!

Dogs Running

AT LARGE

Please be reminded that Article II Dogs, Section 26-3 of the code of the Town of North Beach states that no person shall own or harbor within the Town of North Beach any dog unless such dog is licensed as provided by the ordinances and regulations of Calvert County. All ordinances and regulations of Calvert County concerning dogs shall apply within the corporate limits of the Town of North Beach. In addition, this includes the provisions of the Calvert County Code which call for all dogs to be on a leash when in the company of their owner outside the confines of the owner's property. In addition, it is expressly prohibited for any dog to be on the town beach, whether said dog be at large or on a leash. It is the intention of the Council that dogs are prohibited on the sand beach under all circumstances.

Additionally, Section 26-7, Enforcement, states that the Mayor, Town Code Enforcement Officer, Deputies of the Calvert County Sheriff's Department, and Dog Wardens of Calvert County shall have jurisdiction within the corporate limits of North Beach to enforce all provisions of this article. Section 26-8, Violations and penalties states that violations of this article shall be a municipal infraction.

END HUNGER DRAGON BOAT FESTIVAL

The 5th Annual End Hunger Dragon Boat Festival is Saturday, June 10, 2017 from 8 am to 3:30 pm and will feature boats of 16 paddlers and 1 drummer in a competition to paddle across the finish line with the fastest time. The purpose of the End Hunger Dragon Boat Festival is to bring awareness to the reality of hunger in our local community; to feed and support hungry families by raising money for End Hunger In Calvert County; and, to have fun, grow community, and strengthen team unity.

DRINKMARYLAND: NORTH BEACH

The Town of North Beach will again host the Maryland Wineries event, DrinkMaryland. This premier local craft beverage event will be on Saturday, July 22, 2017 from 12 to 6 pm and will feature local wine, cider, beer and spirits. This event has an open-air farmers market feel, welcoming people of all ages to celebrate Maryland products! Browse local produce from regional farmers, handmade crafts and enjoy live music — all the while learning about the local craft beverage industries. Entry is free; tasting passes may be purchased. This event will be held in conjunction with the Town of North Beach's art festival, SUNRISE: A Celebration of the Arts.

RENTALS AT THE WATERFRONT

Single Kayaks, Double Kayaks, Standup Paddleboards and Bicycles will be available to rent at the Welcome Center from Memorial Day to Labor Day. Single Kayaks are \$15.00 per hour; Double Kayaks are \$20.00 per hour; Stand Up Paddleboards are \$20.00 per hour and Bicycles are \$10.00 per hour. There are also daily rates. Rentals are available based on weather conditions. For more information visit the Welcome Center or call 410.286.3799.

NORTH BEACH NEIGHBORHOOD WATCH: IF YOU SEE SOMETHING, SAY SOMETHING

The Mission Statement for the North Beach Neighborhood Watch is to increase overall safety and security for town citizens and visitors (from youth through senior) through education, public awareness and community partnerships; empower citizens with the tools, information and technology to reduce the impact of emergency and disaster situations; and creating a safe environment to improve the quality of life for all.

The North Beach Neighborhood Watch consists of all the residents of North Beach. As a resident of the town, you are a member of the group. The North Beach Neighborhood Watch does not patrol the town, but relies on everyone to do their part to keep their lot/block/street safe. Many hands make light work.

The town of North Beach is patrolled and serviced by Twin Beaches Patrol, who are deputies from Calvert County assigned specifically to North Beach & Chesapeake Beach. The deputies cannot be everywhere at one time, and

that is where we, the residents come in. As members of the North Beach Neighborhood Watch, it is up to each of us to do our part to continue to keep North Beach the great town that it is.

We do this by getting to know our neighbors, and looking out for each other and the town. We are neighbors looking out for neighbors.

Our Motto is, "If you see something, say something".

Not sure when to call, or if you should call at all, take a look at the helpful resources on the town website. It has many hints & tips to keep you, your property, and the town safe.

If you'd prefer to talk in person, you are encouraged to attend the monthly Town Council meetings, held the second Thursday of each month, 7:00 pm, at the Town Hall. You can share during public comment, or talk one on one with a Twin Beaches officers. They are always in attendance.

TOWN ENGINEER / ZONING ADMINISTRATOR BIDS FAREWELL TO NORTH BEACH

At the April Town Council meeting, I informed the Town Council that I am resigning my positions as Town Engineer and Zoning Administrator effective the end of June, 2017. I have come to the point in my life where I am interested in having more free time and will not be able to commit the time needed to serve these positions after July 1, 2017.

I am coordinating with the Town staff to ensure a smooth transition to a new Town Engineer and to a new Zoning Administrator.

My work for the town over the last 16-plus years has been rewarding, especially when I think back about all the many improvements that have been completed during my service to the town. I have enjoyed working with town staff and the different Town Councils during my service to the town. I want to especially thank the town staff for their support. The Town of North Beach is a wonderful place to live and I have enjoyed being part of this great community. I wish all the very best.

John A. Hofmann, P.E.

Town Codes

FOR YOUR INFORMATION

§ 45-2 Burning within the town.

There shall be no burning within the town limits for any purpose except cooking food purposes.

§ 108-4 Abandoned and/or inoperable vehicles on private property.

[Amended 6-11-1991 by Ord. No. 10-91]

Any vehicle not properly tagged and or registered or that is in any state of disrepair and not operable cannot stay on private property more than 48 hours without property owners consent. After 48 hours, vehicles under any of the above must be stored in a permanent structure out of the public view.

§ 108-5 Unregistered vehicles, parking prohibited; vehicles impounded.

[Amended 5-12-1983 by Res. No. 2-83; 6-11-1991 by Ord. No. 10-91; 7-18-1996 by Ord. No. 3-96]

Any vehicle not properly tagged and/or registered or that is in any state of disrepair and not operable on any part of town property including alleys, parking lots and or rights of way must be removed within 48 hours or brought into compliance.

§ 108-7 Parking restrictions.

[Amended 2-13-1986 by Ord. No. 1-86; 7-18-1996 by Ord. No. 3-96; 6-18-2000 by Ord. No. 06-00]

Boats, trailers (utility, recreational), RVs, Tractor Trailers, and heavy commercial vehicles are prohibited from parking on town rights of way, parking lots, or alleys.

Note: All trash/bulk/recyclables must be curbside by 6 a.m. Trash must be bagged, placed in a trash can with a lid.
Recyclables must be in a container clearly marked recycling container. Bulk trash pickup is on a ONCE-A-MONTH BASIS, BY APPOINTMENT ONLY.
Call Town Hall by the Friday prior to the monthly pickup date to schedule an appointment for your bulk trash pickup.

CALL FOR ENTRIES

Sculpture Competition & Art Festival 2017

The Town of North Beach is
placing a call for entries for

SUNRISE: A Celebration of the Arts

SATURDAY, JULY 22, 2017

12:00 to 6:00 pm along the beautiful Chesapeake Bay

OUTDOOR SCULPTURE COMPETITION

The Town of North Beach is seeking approximately FIVE outdoor sculptures to be displayed for one year at the Sunrise Garden located at the corner of 3rd Street & Bay Avenue.

\$25 TO ENTER COMPETITION.

ART FESTIVAL

The Town of North Beach is seeking juried artists to display at the SUNRISE: A Celebration of the Arts festival. This festival will be held in conjunction with the Annual MD Wineries Association event, EAT | DRINK | GO LOCAL.

\$25 TO APPLY, PLUS BOOTH FEE OF \$100, IF ACCEPTED.

SEE WWW.NORTHBEACHMD.ORG FOR MORE DETAILS.
