Information Regarding Disaster Relief Program

Greetings to all Town of North Beach Businesses,

I am passing along brief information from Kelly M. Schulz, Secretary, Maryland Department of Commerce with a link to the Maryland Business Express website. Yesterday, Kelly said, "Very happy to report that Governor Hogan approved and signed Maryland's submission to the SBA for ALL businesses in ALL jurisdictions to be eligible for the disaster relief program. As soon as SBA approves our application, we will post to <https://businessexpress.maryland.gov/coronavirus>. We are here to support you!"

If you feel this applies to you/your business, please check the website for updates and instructions. Another site that may be helpful is the U.S. Small Business Administration:

As the Mayor, Town Council and staff continue to monitor and adjust to changing conditions related to COVID-19 Coronavirus, I am providing, for your use, the direct website link for information specific to our town: www.northbeachmd.org/coronavirus.

Lastly, please reach out to me by email or by calling my direct line at 443.646.2416 if I can be of assistance during these uncertain times.
