

# NORTH BEACH *Newsletter*

October 2019  
Volume 28, Issue 1

## Message from the Mayor

PHOTO: BROOKE KIATTA

Hello friends!

It's hard to believe that the busy summer season has ended and the fall season is upon us. I would like to thank you all for hanging in there with us at the Friday Night Farmers' Market as we implemented changes to the layout. I assure you that the feedback we have received, both positive and negative, will be considered as we plan for the 2020 farmers' market season. I realize with the influx of guests, our town residents are impacted and challenges are presented. Your patience does not go unnoticed!

On September 20th, I had the honor of signing the Memorandum of Agreement for the construction of the new Calvert Library Twin Beaches Branch in North Beach. This is an exciting time for the town and its residents. We look forward to taking the next step.

The Maryland Department of Transportation State Highway Administration roadway reconstruction project to address periodic flooding along MD 261 from 9th Street to the Anne Arundel County line is moving forward. The design process should be completed this fall and the construction is scheduled to begin in the fall of 2020.

If you have had the opportunity to call Town Hall recently, you may have noticed the sounds of a new

phone system. The upgraded system is more efficient and allows the caller to press an extension to reach the desired staff member. Also recently implemented is a new Information Technology (IT) plan which includes hardware upgrades and increased network security for staff members which enables better communication with town residents. Another helpful tool on the horizon is an interactive app for zoning and code enforcement issues. This will be launched in early 2020 and you can read more information regarding this on page 6 of this newsletter.

A new initiative that I've implemented is Employee Recognition. Recently, I had the honor of recognizing two employees that have long tenure at the Town of North Beach. Mr. Isaac Harris has worked for the Department of Public Works for 30 years and Mrs. Stacy Milor has worked as Administrative Secretary and the Town Clerk for 20 years. I hope you will join me in congratulating them on their outstanding service and commitment to the Town of North Beach.

*Continued on page 2*

# Message from the Mayor

*Continued from page 1*

I've recently had the opportunity to create the Stormwater and Flood Mitigation Advisory Committee (SFMAC) and to re-establish the North Beach Tree Committee. The SFMAC committee provides advice regarding stormwater and flood issues, while assisting with plans to improve the town's resistance to flooding. The Tree Committee is responsible for advising the town on the maintenance and preservation of trees and shrubs in parks, along the streets and in other public areas. The committee will also promote public awareness

and pride in our native trees, to observe Arbor Day and to move the town forward in becoming a Tree City, USA community.

In closing, I would like to remind town residents of an innovative way to follow along with Work Sessions and Town Council Meetings by utilizing BoardDocs. This paperless, cloud-based program ensures transparency of meetings and is an efficient tool to help residents stay abreast of Work Sessions and Town Council meetings without having to be physically present. It is my goal to "go live" with these meetings in

the near future. Once live, you will have the ability to watch public meetings on your computer, tablet or smartphone in real time. More to come on this in the next few months!

Sincerely,

Mike Benton, Mayor

## Two 'Wise' Guys and a Deputy

*Jack, DFC Gilmore and Wayne*

"These 'wise' (polite for old) guys are Jack and Wayne. They are morning fixtures on the boardwalk and you can always find them near the Welcome Center. I try to have coffee with them in the mornings when I work day work. Wayne is a Vietnam Veteran and Jack worked

in meat processing. I always have a good time catching up with these two and the other 'wise' guys and gals in the mornings. If you've got time, grab a cup of coffee and go chat them up! There's so much to be learned by their years of life experience."

**- Deputy First Class Nikki Gilmore**

## Meet Deputy First Class Nikki Gilmore

*DFC Gilmore has been with the Calvert County Sheriff's Office for seven years and a member of the Twin Beaches Patrol for just over a year.*

*When DFC Gilmore is on day shift, you might find her at the boardwalk in the morning. She enjoys being present in the community and talking with residents.*

*And here's a little secret: She may or may not have a pocket full of treats for her furry friends! DFC Gilmore admits that she knows more of the dogs' names than she knows the owners' names.*

*With her experience, smile and upbeat personality, DFC Gilmore makes a difference in our town!*

# Department of Public Works Update

*Donnie Bowen, DPW Superintendent*

The Department of Public Works (DPW) has been diligently working on upgrading the town's water system well house control building. The existing building is 30 years old with several issues in which our crew is in the process of addressing. The building currently floods often when we get heavy rains, controls are outdated and hard to replace if they fail.

*Old Well House*

*During Reconstruction of New Well House*

This project also includes replacing the existing control panel that is located inside the DPW building. To date, a new electrical service has been installed raising service to new flood plain level. BGE has been on site to power up the new service and to cut power to the existing service. DPW has removed the old service and worked with an electrical contractor to install a new control panel and all the related conduit, wiring, etc. DPW has started the demolition of the old components.

The demolition is expected to take one week. The new well house building will be constructed on the same site as the old building. The new building will be raised two feet to protect it from flooding. New piping will be installed on the interior for better access for the daily operations and maintenance. The entire project is expected to complete by late fall. .

The Department of Public Works is also in the process of working with an outside contractor to complete the water meter replacement project. This project consists of updating over 760 water meters within the town's water system to new "radio read" type meters. This update will allow town staff to more efficiently track water usage for billing purposes and MDE reporting requirements. .

Mayor Benton has formed a new stormwater and flood mitigation committee, which includes town staff members and residents of North Beach. The mission, in general, is to provide new ideas and possible solutions to stormwater and flooding-related issues throughout town. To date, the committee has held two productive meetings where they have discussed ideas that may serve as improvements to the town's flooding issues. The meetings are held the third Monday of each month at 3 pm at

the DPW building.

Fall means beautiful foliage, but with this comes falling leaves. Please bag or haul away all leaves and yard debris. We are asking you, as a town resident, to do your part in keeping the leaves off the streets and out of the storm drain collection system. This will ensure proper water flow and will prevent the need for difficult and costly removal of this material from the drains. We ask that you bag the leaves you collect in paper leaf bags and set them out with your regular trash. The trash contractor will collect trash first. If there are more than 5 bags, the contractor will have to get them at a later time.

## Got Leaves?

We are excited to announce that our friends at Sneade's Ace Hardware have a special offer for the Town of North Beach residents! Now through December 31, 2019, town residents may purchase the 5-pack of 30 Gallon Lawn and Leaf bags at a 10% discount! The brown paper leaf

bags are better for the environment because they compost, unlike plastic bags. To take advantage of this discount, you

must show your photo ID with address showing zip code 20714. Thank you, Sneade's Ace Hardware for partnering with the town on promoting environmental-friendly practices.

## Thank You for a Great Season

The Town Attendants would like to thank our guests for a fantastic summer season. The town residents were very helpful in notifying us of repair concerns, safety issues, and clean-up opportunities along the boardwalk and throughout the town. Although the Welcome Center is closed, the restrooms will remain open daily. Check the restroom opening and closing

times posted at the Welcome Center. Please help us by keeping our beach, pier and boardwalk areas clean while we are gone. There are ample trash receptacles and “mutt mitt” stations for your convenience. Pets must be leashed and cleaned up after. Lastly, please do not feed the wildlife. We'll see you the last weekend in April 2020.

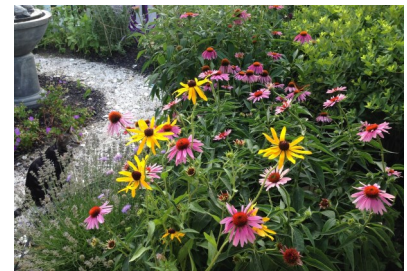

## Special Assessments

Did you know that Calvert County tax bills include your special assessment for North Beach? Look at your Calvert County Property Tax Bill and you will see a line item labeled:

### TOWN REFUSE REMOVAL FEE NORTH BEACH.

Fees included in your Special Assessment for FY2020 are as follows:

Water Benefit	\$ 102.00
Sewer Benefit	\$ 250.00
NB Trash	\$ 327.00
Total	\$ 679.00

## Save the Date: 2020 House & Garden Tour

The North Beach House & Garden Club is excited to announce the return of its House & Garden Tour on Saturday, June 6, 2020 from 1 to 5 pm. The 2020 tour will be the 32nd year, bringing visitors by the hundreds from MD, VA and the greater DC area to experience the sights, history, and beauty of North Beach and its wonderful homes, as well as, private and public gardens. This is a rare opportunity to get an exclusive look inside some of the nicest homes in North Beach. We've added houses from the very

nearby towns of Rose Haven and Chesapeake Beach to give attendees an even richer experience.

- Tour 12 charming homes and 3 stunning gardens.
- FREE commemorative tote bags to the first 100 tickets sold.
- Easy 2-mile stroll or take the FREE air-conditioned shuttle.
- Discounts at local shops and restaurants.

A portion of the proceeds supports local beautification projects sponsored by the North Beach House & Garden Club, such as the

plant identification signs in Sunrise Garden and the adopted Jean Hatch Garden along the boardwalk. The rain date is Sunday, June 7th .

*Using your smartphone camera, follow this link to read more about the House & Garden tour and to purchase tickets!*

## In My Opinion ...

Hello, my friends!

Since this is the fall newsletter and it's a great time of year for travel, I'm going to cut right to the chase....I'd like to share some memories from my trip to Ireland and Scotland last March.

The Irish countryside is stunning and the "greenest of greens", but I had a fixation on seeing the Cliffs of Mohrer...and that I did! The absolute magnificence of this natural wonder makes you realize your insignificance in the grand scheme of things and witnessing such beauty not only took my breath away, it brought tears to my eyes! I was truly humbled.

Pedestrian traffic is unbelievable! Everyone walks...FAST!!! Traffic is heavy and some of the roundabouts have as many as four lanes! Street signs are in Gaelic, with English written underneath and by the time you've read the name, you find yourself going around in circles; literally! It's funny now as I think back, but NOT then!!!

Both countries take extreme pride in their heritage and their environment. They walk or ride bikes. There was no litter along the roads and the towns are spotless! They use totes and no plastic when shopping. They are friendly, warm and welcoming, and they laugh affectionately at us "young Americans"! I like being called "young"! We visited many castles while in Scotland and they are not to be ignored! Stirling Castle is a

wonderful affirmation to 11th and 12th century history. Her grandeur and sternness are one and the same. Urquhart Castle, on Loch Ness, is just gorgeous and her ambivalent history is, well, just that...and no, we did not see Nessie! We also spent a night in 12th century Tulloch Castle. The hospitality matched her

beauty and not far from Tulloch Castle, is Culloden Battlefield! All Outlander fans know about Culloden so naturally, I had to see it. We "young Americans" could learn a lot from these ancient countries and their passionate desire for freedom.

Less than a mile from Culloden is a lesser known and visited spot, the Balnuaran of Clava; burial mounds that are 4,000 years old and surrounded by 7 standing stones....and yes, I tried, but was unable to "go through the stones"! However, it was a reverent and amazing location!

I could go on and on, but I encourage anyone who loves travel to visit these ancient neighbors of ours! I discovered a beautiful connection and they have so much to say in a very respectful and distinguished manner. It was absolutely a rewarding journey; both mentally and physically. I realized that we are truly, one and the same. I think we want what's best for our continued posterity, but remember that's "my opinion", and on that note.... I'd go back in a heartbeat!

# Census Takers in Your Neighborhood

Census Takers in your neighborhood is a normal part of preparations for the 2020 Census.

## *How Can You Verify That Someone Is a Census Worker?*

If someone visits your home to collect information for the 2020 Census, you can do the following to verify their identity:

- Make sure that they have a valid ID badge, with their photograph, a U.S. Department of Commerce watermark, and an expiration date.
- If you still have questions about their identity, you can call 800-923-8282 to speak with a Census Bureau representative.

## *Why Are Census Workers Out in Communities?*

You might see census takers in your neighborhood for a few different reasons:

- Verifying addresses in preparation for the census.
- Collecting responses to the census or another survey.
- Dropping off census materials.
- Conducting quality checks related to the census.

Census takers who verify addresses are called address canvassers. They help ensure an accurate and complete count by verifying addresses and noting where houses, apartments, shelters, and other residences are located. Census takers will attempt

*From 2020census.gov*

to knock on every door in the neighborhood they are canvassing.

In May 2020, census takers begin visiting homes that haven't responded to the 2020 Census to help ensure everyone is counted. At the same time, other Census Bureau representatives will be visiting homes for ongoing surveys, such as the American Community Survey.

## *Be Proactive*

By April 1, 2020, all homes will receive an invitation to participate in the 2020 Census. The best way to avoid a follow-up visit from a census taker is to fill out the 2020 Census questionnaire online, by phone, or by mail as soon as you receive your invitation to participate.

# Citizen Mobile Access

*Rick Crump, Zoning Administrator*

North Beach will be launching a new interactive Citizen Mobile App in early 2020. With this app, residents will be able to use their smartphones or other digital devices by quickly and easily communicating with the appropriate department.

This app will allow residents to report issues or concerns in real time, as they see them. The app will give residents the ability to, point, click, and submit feedback. Photos and notes can be submitted with each case. These requests are automatically entered into a new case management

system which will streamline the process in an effort to shorten the time in which issues are addressed. This app will improve communication and residents will be more involved and better informed.

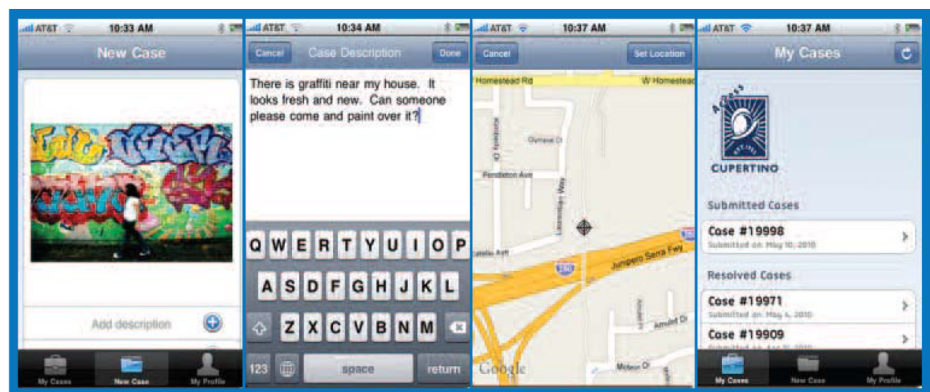

Some examples of ways to use the new Citizen Mobile App include concerns with trash, overgrown vegetation, clogged stormwater drain, dangerous sidewalk, parking, etc. More details will be available early 2020.

*Use your iPhone to help make your city a better place by quickly and easily communicating with City Officials.*

## Residential Recycling Guide

Recycling pick up for town residents is every Wednesday. All items may be commingled (do not bag or separate). Recycling must be curbside by 6:00 am and must be in a container clearly marked "recycling." Recycling bins may be requested on the website or at Town Hall. Residential Recycling Guides can be picked up from Town Hall or downloaded from the town website. If you have questions, call 301.855.6681.

## Text Notifications

To receive text messages about things that may impact you as a resident, including road closures, water and sewer payment reminders and hydrant flushings, text **join northbeachalerts** to 30890 or register at [northbeachmd.org](http://northbeachmd.org).

## Community Conservation Takes Off

*Lisa Garrett, Director of Eco-Tourism*

The Department of Community Conservation provides “green” sustainability programs for residents, as well as eco-tourism opportunities within town. The department promotes restoration of native wildlife habitats and the living shoreline, maintains safe surroundings at the town parks and natural areas, and creates outdoor recreation and natural history community outreach events.

After a busy summer of programs, we are gearing up for North Beach’s first ever Fall Birding Weekend. The weekend kicks off with an Owl Prowl Night Hike on Saturday, October 12th at 7 pm. Come to Wetlands Overlook Park wearing your walking shoes, dressed for the weather. This walk into the woodland trail will introduce us to the three species of owls that may call North Beach home.

Back at Wetlands Overlook Park on Sunday, October 13th from 7

am to 3 pm, help our Bird Count Circle compete in The Big Sit! Every year, bird watchers from around the globe unite on this special day by participating in this free event. Often referred to as a “tailgate party for birders,” the objective of this nationwide bird-a-thon is to tally as many bird species as can be seen or heard while in the circle. Bring your cooler, chairs, binoculars, scopes and snacks — the beautiful setting at Wetlands Overlook Park will provide the birds! The day concludes with a “Tally Rally” dinner at Hook & Vine at 5 pm.

Over the summer, you may have noticed representatives from the Maryland Department of Natural Resources, Forestry Division in town. They were conducting an inventory of the trees on town property, evaluating their health and determining an overall tree canopy within the town.

In recognition of the town’s Centennial in the year 2000, the North Beach Tree Committee designated twelve large trees as *Centennial Trees*. We are happy to report that all twelve of the Centennial Trees still stand, although one will be removed due to disease. Along with the Environmental Committee and the Community Conservation Department, the reestablished North Beach Tree Committee will work to create new signage and rededicate the remaining trees.

# Snapshot of North Beach

Grace Mary Brady, President of Bayside History Museum

On May 5, 1900 Philip Chew, Richard Chew, Allen Mallery, E. Judge Williams and Richard Knight formed the North Chesapeake Beach Land and Improvement Company for the express purpose of buying, selling and mortgaging land for a resort they named North Chesapeake Beach (today North Beach). In 1902, waterfront lots cost \$300 each (\$25 up front and \$10/month thereafter). When North Beach was incorporated in 1910 the prices of lots rose to \$450 each.

One of the early uses of the Calvert Hotel was that of a real estate office. Ads were run in Washington, D. C. stating that *"North (Chesapeake) Beach has a reputation for a high-class, home city where living expenses were for the Grocer and not the Doctor."*

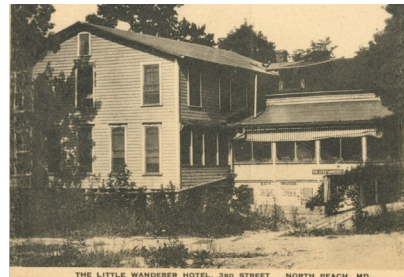

The Calvert Hotel was owned by Earl and Marie Kosche in the 1960's. There was a restaurant and bar on the first floor and live entertainment was provided.

Ray Petrie and his family were the last owners of the Calvert Hotel. Ironically, it was the last of the great hotels in North Beach. Sunrise Garden now exists on the site where the Calvert Hotel used to be.

Check out the photo number for the Miramar Hotel. For those of

us who grew up in the Beach area, our initial phone service started out as party-lines. Dale Thomas, owner of Nice and Fleazy, re-located his antique business from Owings to the bottom of the Miramar Hotel before it closed. Visitors could rent a room at the Miramar, eat at Franchi's Restaurant next door or at the Miramar Hotel restaurant and shop for antiques.

There were so many boarding houses, hotels and motels to accommodate all the visitors. Today, the site where the Little Wanderer Hotel was located is the vacant lot on the corner of 3rd Street and Dayton Avenue.

Another beautiful grand hotel was the North Beach Hotel which was located on the corner of Chesapeake Avenue and 2nd Street where the gas station exists today.

The Pines and Holly Boarding house was operated by Mrs. Kerns. It was located between 2nd and 3rd Streets on Bay Avenue.

These are just a few of the hotels, motels, boarding houses and camps that were located in town. Most of the earliest ads for North Beach lauded the resort's natural setting as an escape from the rigors and weariness of the city. One such ad talked of bathing, crabbing, fishing, sailing, rowing, motor boat riding, horseback riding and strolling among the oaks and pines. Many vacationers took to picnicking and hunting, with several hunting clubs building lodges in the resort. Oxcart rides were very popular.

North Beach's reputation as a family-friendly resort, and its accessibility from Washington, D.C. encouraged thousands of vacationers to patronize the local arcades, restaurants and beach on summer day trips. A newspaper account from June 23, 1941, reported that the summer season started off exceptionally well with 20,000 bathers reported to have hit the beach, a season record for the town.

**For hours and additional information, visit**

## Real Men Wear Pink Fundraiser

The Deputies of the Twin Beaches Patrol are participating in the Real Men Wear Pink/American Cancer Society Fundraising Challenge again this year. For the month of October, Calvert County Sheriff's Office Deputies will be wearing a Pink Chest Badge Patch while working. A Pink Shoulder Patch has been created and is available for purchase by citizens. The price is \$5 each and all proceeds will go to the American Cancer Society Real Men Wear Pink Challenge. To purchase a patch, please email [calvertsheriffpinkpatch@gmail.com](mailto:calvertsheriffpinkpatch@gmail.com) or stop by the Sheriff's Office in Prince Frederick or the Town Hall in North Beach or make contact with any Twin Beaches Deputy.

## Halloween Decorating Contest Houses & Businesses

Judging will take place on  
**October 26, 2019**  
between 6 & 8 pm  
Prizes for  
**MOST SPIRITED HOUSE &  
MOST SPIRITED  
BUSINESS**  
will be awarded at the  
November Town Council Meeting  
on November 14, 2019 at 7 pm.

## NBVFD is Seeking Volunteers

North Beach Volunteer Fire Department is seeking new volunteers of all ages. Now is the time to become an important part of our community...YOUR COMMUNITY! As a volunteer, you will learn skills that prepare you to help members of your community when they need it the most. Think about how rewarding

it will be to offer aid to those who call upon you. Training and gear provided. Inquire at the firehouse located at 8536 Bayside Road Chesapeake Beach or [www.northbeachfire.com](http://www.northbeachfire.com).

# FALL EVENTS IN NORTH BEACH

## HOUND of the Town

**October 26, 2019 / 12 to 2 PM**

**A costume parade just for dogs and dog lovers!**  
Prizes will be awarded at the end of the parade.

**How to enter.**  
Register the day of the event starting at 11 am. Fee to enter is \$7 PER DOG. Donations to CAWL are graciously accepted in addition to the registration fee.

**Family-friendly vendors!**

**All proceeds benefit Calvert Animal Welfare League!**

**Questions.**  
Call 410.535.9300
