Subject: Monthly Report

The following is a list of tasks the Public Works Department has been working on in addition to routine task.

- 1) Hosted a meeting held by SHA on the 261 road project at the Town Hall on 12-19-2019. This was a follow up meeting with concerns about the detour and safety concerns related to the project. Home Owners association reps from Rose Haven, Holland Point and emergency services from North Beach, along with Town and SHA reps were at the meeting. Five options were discussed in detail. Mayor Benton has emailed council to update on results of meeting.
- 2) Continue to work with Mr. Paul Woodburn on water station upgrade. Mr. Woodburn has provided plans for new building and related piping for water station upgrade. Have budget estimate for project.
- 3) Working with Mayor Benton and staff on several projects, including storm drain improvements for entire town, water meter replacement project. Building inspections for town owned properties and future maintenance cost for budget proposes.
- 4) Responded to five sewer related calls from property owners this report period. Addressed four by jetting to clear blockages at the property line to the main sewer line. Had to dig one up and remove a large root mass at connection at the property line. Installed a new sewer cleanout at the property line.
- 5) Continued with leave removal throughout town, also have assisted homeowners with large amounts of bagged leaves by removing and disposing of leaves to help appearance of the town.

6) Working on removal and installation of new pumps at Chesapeake Ave sewage pumping station. DPW is doing some of the work in house, will have to contract out some of the work.

MEMORANDUM

TO : Mayor and Town Council
FROM : Paul B. Woodburn, P.E.
Town Engineer
DATE : January 4, 2019
RE : Monthly Report

The following is the status of activities that are being worked on:

Maryland SHA Rte. 261 SHA Upgrade Project (9th Street to Anne Arundel County)

SHA's environmental and highway design work is progressing toward a planned construction start for the spring of 2020. The SHA held a design update meeting in November to discuss design progress. The proposed detour Route is finalized and will require closure of 261 during construction. A resolution by the town has been forwarded to the Maryland Department of Transportation secretary Peter Rahn to show Town support for the project and request existing pole utilities be placed underground. We have requested a cost proposal from SHA to perform this work. A preliminary estimate of at least 1 million was provided. The Town would need to seek funding to assist with some or all of the cost to relocate the utility if needed. Design Drawings at 65% level have been received by the Town. We will provide input back to SHA as needed. A meeting to review the 65% sha plans is scheduled for mid-January. We will also be requesting additional drainage information to see what effects the new road improvements will have on the town infrastructure.

Maryland SHA Rte. 261 Boardwalk (9th Street to Anne Arundel County)

Preliminary design is complete and TAP (Transportation Alternatives Program) grant Monies will be sought for 2019. The Town will be preparing a new state grant package request soon for the next fiscal year cycle. An official Town resolution has been sent to SHA to have them include provisions for the boardwalk and underground utilities as part of their 261-upgrade project. (On-going).

Stormwater Flood Pump Upgrade and 9th & Atlantic upgrades:

The existing stormwater pump station is not designed to adequately handle frequent localized flooding. The Town continues to seek funding opportunities and is currently working on a

request to obtain a State funding to cover this proposed work. Capital funding for 2019 is also being prepared for the Maryland water quality financing administration. (On-going)

Flood Mitigation Plan:

Calvert County Department of planning and Zoning issued a flood mitigation plan for the town of North Beach. The plan is a guide that outlines flood issues and sea rise issues in the Town along with potential mitigation consideration for current conditions and into the year 2100. Nine (9) recommendations came out of the study, many of which are or have already been implemented and others are being implemented. Further review and discussion of the document by the town is requested, upon which it may be brought to the Mayor & Council for consideration. (On-going).

Public Works Yard – Well Building

We have completed engineering construction drawings to upgrade and raise the existing 30+ year old well house building. We have met with BGE to discuss relocation of the existing electric service and meter to the outside of the well building and have included with the final construction drawings.

Storm Drain System and overall infrastructure Maintenance Plan:

We are working with Donnie and public works to develop a 5 + year storm drainage maintenance and overall infrastructure improvement plan. Also, a letter has been sent to the County requesting a meeting to review their stormwater contribution into the Town's System drainage system.

Sewer Meter/ Calvert County Connections:

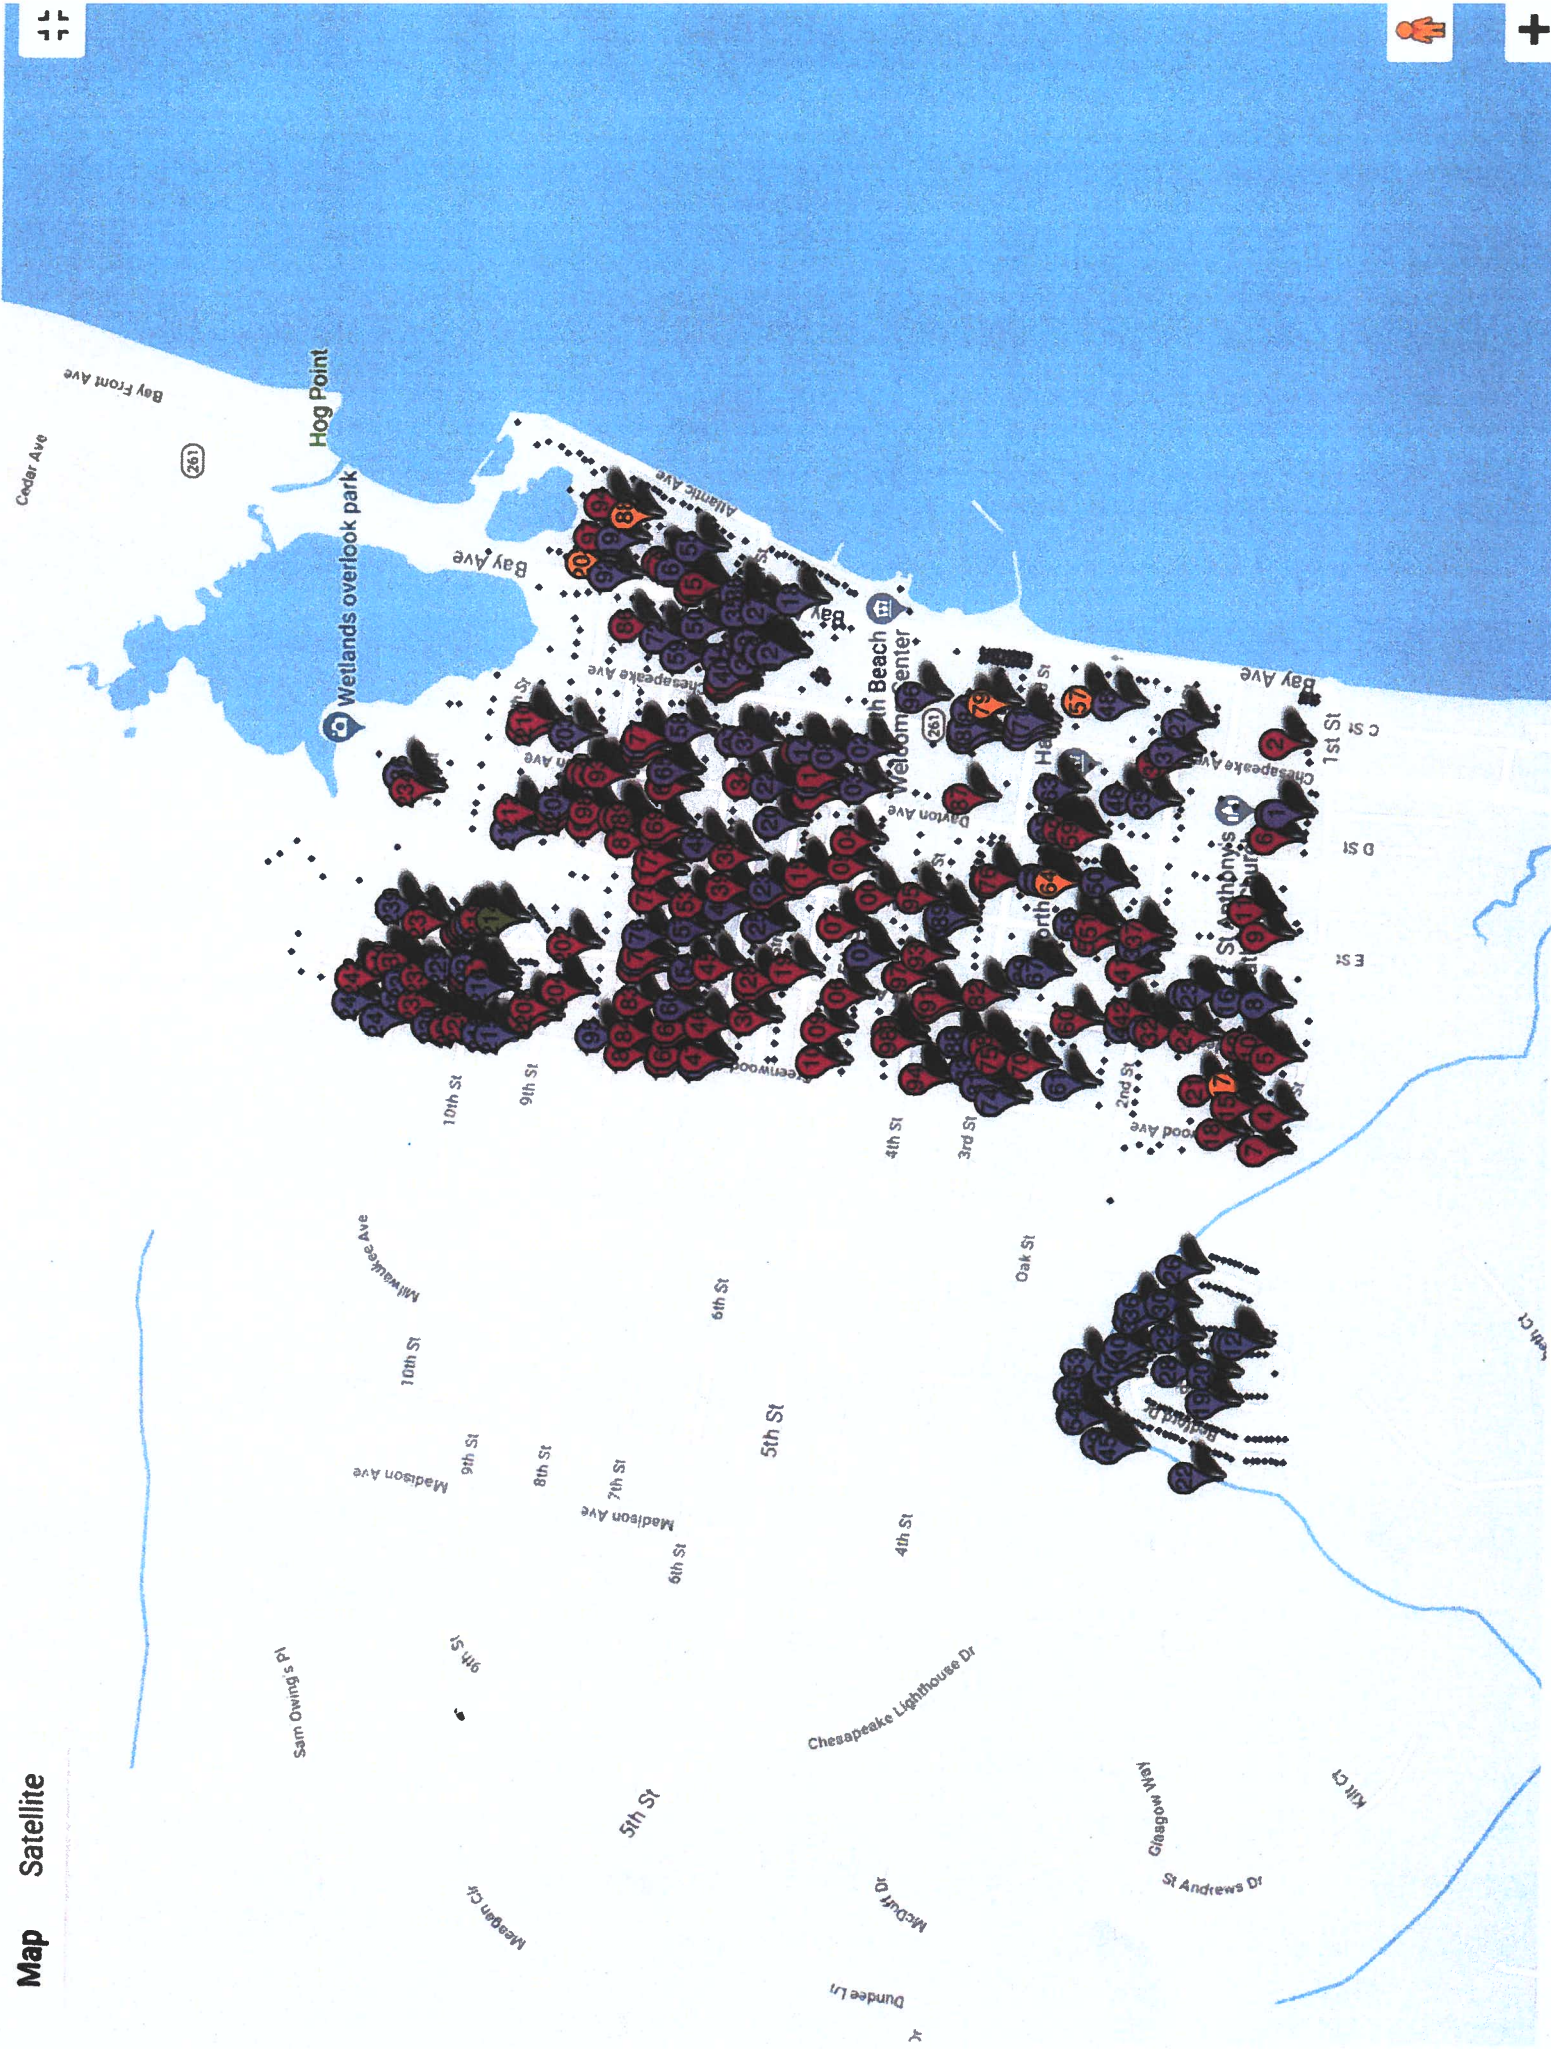

Calvert County sewage effluent mixes with the town effluent before being pumped together to the Waste Water Reclamation Facility in Chesapeake Beach. We have provided the county with our updated Calvert County EDU analysis. Donnie requested the County perform a sewer system smoke test. A follow up letter was forwarded to the County encouraging them to do a smoke test on their system and to monitor flows to ensure there are limited infiltration points within their system and provide the Town with a copy of test results. Another letter was sent to the County before the holidays requesting an update to their review of the infiltration issues.

Library Site:

We have prepared a final Library Site Concept Plan which was provided to the County. We await working thru a MOU with the county (No new update).

North Town Water Service Franchise Area:

We have planned a new franchise designation plan to accompany a request to Calvert County to revise the water service limits. The request has been provided to the county.(No new update).

RE: Monthly Report

Below you will find the tasks I have performed and any insights that pertain to marketing and public relations for the Town of North Beach during the month of December 2018 and beginning of January 2019.

- Shared information on disposal of leaves, the town Snow Removal Plan and how to dispose of Christmas trees in email blasts.
- Created signage for Callis Park that indicates that it is a Maryland Department of Natural Resources, Community Parks and Playgrounds Program Assisted Program.
- Announced the Holiday Lights Contest winners by email blast. Uploaded photos of the winning houses and businesses to the House and Garden page on the town website.
- Compiled an updated list of all town businesses with current contact information for Mayor Benton.
- Met with Artworks @ 7th and Mayor Benton. Sent a follow up email to all attendees that included social media tips, a list of items that the town does to help promote businesses and information on brochures the town distributes.
- The annual Bay Weekly's Best of the Bay winners were announced recently. The winner of the Best Mexican Restaurant was Plaza Mexico and the winner of the Best Farmer's Market was the North Beach Friday Night Farmer's Market.
- Began preparing information for the town website that includes emergency preparedness, notification resources and evacuation routes. This will keep residents informed on what to do during events such as storms, flooding, hurricanes, etc.
- Promoted the December selfie contest. Town staff picked the four winners. Contacted the winners and gave them prizes (NB swag and gift certificates from town businesses).

RE: Monthly Report

Continued from page 2:

- Prepared for the Polar Bear Plunge event. Obtained sponsors, created a webform with a Paypal link for plunger registration, created 2019 event sponsor banner with logos from businesses that sponsored this year's plunge, and created and printed personalized certificates for attendees. Attended the event on New Year's Day, distributed shirts and certificates to pre-registrants and photographed 387 brave plungers jump into the Chesapeake Bay.

- Created the one-page 2019 trash, recycle and bulk pick up calendar. Uploaded the calendar to the website and sent out an email blast with links about trash, recycling and bulk pick up.
- Daily tasks: website (updated calendar entries, sent out News email blasts); sent out text notifications; Facebook (created posts to promote events and pertinent town information, shared posts from town businesses on North Beach Maryland page); sent out text notifications.
- Shirt Shack sales for January 1, 2019: **\$15.90**; Number of Items Sold:3
