Town of North Beach Security Camera Project

Questions from Contractors

- 1) Is there a budget the Town possesses that the offeror should meet? and does the budget including the 3-year service plan mentioned in section 2.4.10 Support and Maintenance.

“The RFP is in support of the Town’s budget planning for FY2025. A specific dollar amount is not yet allocated for this project. The RFP requests a cost breakdown per site to permit the Town to prioritize site installations based on potential budgetary constraints.”

- 2) Can the Town provide drawings/floor plans of the buildings where we are looking to implement our solutions? We understand some public areas may not have floor plans.

The Town will provide a PDF version of the plans available. Some plans still are not digitized. Please see the Town website at: <https://www.northbeachmd.org/government-portal/bids/north-beach-security-camera-project> for all plans.
