

JOIN CCPR & THE TOWN OF CHESAPEAKE BEACH'S GREEN TEAM FOR

ATTACK OF THE INVADERS!

A TALK ABOUT INVASIVE PLANTS AND
WHAT TO DO ABOUT THEM
BY KERRY WIXTED

IN COLLABORATION WITH THE CALVERT COUNTY
DIVISION OF NATURAL RESOURCES
AND THE TOWN OF CHESAPEAKE BEACH

MARCH 4, 10 A.M.

NORTHEAST
COMMUNITY CENTER

PRE-REGISTRATION IS ENCOURAGED. PLEASE REGISTER ONLINE
OR AT ANY COMMUNITY CENTER USING ACTIVITY #410111 A.

Invasive species are non-native species that cause problems. Learn about local invasive plants, why we should care, and what to do about it. This talk will also focus on some native alternatives to commonly planted invasive species and information on how native plants help local wildlife.

Kerry Wixed is a Maryland naturalist with over 15 years' experience studying flora and fauna of Maryland. She has previously worked for the Maryland Department of Natural Resources and has taught classes for Audubon's Natural History Field Studies Program. Kerry holds a B.S. degree in Wildlife and Fisheries Management from Frostburg State University, and an M.S. degree in Biology from West Virginia University.

Calvert County services are accessible to individuals with disabilities. Please call the Maryland Relay for the hearing and speech impaired at: 800-735-2258.
