

# Slow the Flow Rain Barrel 101

**October 21**  
at 6pm

This Rain Barrel 101 webinar will focus on the practical uses for rain barrels and how they reduce the impact of runoff on our local waterways and benefit homeowners. Participants will learn how to maintain and install a rain barrel, and have the opportunity to purchase a discounted rain barrel. A limited number of rain barrels can be pre-ordered and will be available for pickup on Saturday, October 24 from 10am-12pm at the North Beach DPW.

# Native Plants Bring Life to Your Yard

**October 22**  
at 6pm

Learn how to incorporate native plants in your yard by installing a conservation landscape! This is a garden that improves water quality, promotes and preserves native species, and provides wildlife habitat. A limited number of FREE native plant kits can be reserved, and will be available for participants to pick up on Saturday, October 24 from 10am-12pm at the North Beach DPW. The kits include native plants suitable for moist soil.
