2020 US Census Response Rate Challenge / MAKE THE TWIN BEACHES COUNT!

"The 2020 Census counts every person living in the United States, as of April 1. The count is mandated by the Constitution every 10 years, and the results help to SHAPE YOUR FUTURE in a variety of ways – from determining the number of seats each state gets in the House of Representatives to informing decisions about how hundreds of billions of dollars are allocated each year to local communities for vital services like schools, healthcare, roads and bridges, and emergency response."
