When to Call

*"You are the perfect person to call the police to report anything you find suspicious or believe to be a crime in progress.
You risk nothing if you call the police and you are wrong. Consider what you risk if you fail to call the police and you were right. We would rather have you call and it be nothing, than not call and it turns out to be something serious."

*"Whenever you observe suspicious events, persons, or vehicles, even though you may not be the only person observing them, call the police. Never think the next person will do what you should. The police would rather get numerous calls on the same event than none at all."

*"Often citizens fail to call because they are not sure if what they see is suspicious. If you are in doubt, call the police immediately. Don't wait to talk it over with friends or neighbors. Valuable police response time is lost this way. If something makes the hair on the back of your neck stand on end, gives you a strange feeling that you just can't put your finger on, or just makes you nervous or apprehensive, call the non-emergency number and let us check it out."

*Fairfax County Police Dept. is credited for the above quotes, however, our Twin Beaches patrol has made the same statements repeatedly. IF YOU SEE SOMETHING > PLEASE SAY SOMETHING!
